

Noah Nichols, MD

Neurosurgery Resident, Class of 2028
Department of Neurosurgery
Icahn School of Medicine at Mount Sinai

Clinical and Academic Interest in
**Neuro-Oncology, Skull Base Surgery,
Vascular and Endovascular Surgery,
and Spine Surgery**

What made me choose Mount Sinai...

I chose Mount Sinai for residency because the program offers a rich operative experience and ample resources necessary for pursuing a career in academic neurosurgery. Like myself, the Mount Sinai Department of Neurosurgery takes a keen interest in youth outreach and pipeline development. Over the next seven years, I hope to develop as both an academic neurosurgeon as well as an innovative mentor and educator. Mount Sinai is the perfect place to truly hone those skills.
