### iBook™

The notebook computer that redefines portability with the PowerPC processor, wireless communications and exceptional style. iBook is built around a 12.1 inch active matrix TFT display and either a 366MHz or 466MHz PowerPC G3 processor. Standard is 64MB of SDRAM (expandable up to 320MB) and 8MB of video RAM. Also included is a 50 watt-hour lithium-ion battery, AC adapter, 10GB hard drive and 24x CD-ROM or 6x DVD-ROM drive with DVD-video. The system is equipped with a USB and FireWire port, an AV port that provides composite video and 16-bit CD-quality stereo output and a built in speaker. Built-in communications include 10/100Base-T Ethernet, 56K modem with v.90 support and antennas and expansion slot for the AirPort wireless card (AirPort Card sold separately). Also a flip up keyboard provides easy access to the memory expansion slot and the AirPort wireless card slot. iBook comes with Mac OS, iMovie 2 and AppleWorks, as well as the following third party software: MS Internet Explorer, MS Outlook Express, Netscape Communicator, FAXstf, Palm Desktop, Bugdom and Nanosaur games.

For more detailed information, please refer to product data sheets or the iBook web site (<http://www.apple.com/iBook>).

*Apple offers build-to-order capability for the iBook products listed below. To take advantage of this capability, visit the Apple Store for Education at <http://www.apple.com/education/store>*

### **PowerBook®**

---

---

PowerBook is built around a 14.1 inch active matrix TFT display and either a 400MHz or 500MHz PowerPC G3 processor. Standard models include 64MB or 128MB of SDRAM (expandable up to 512MB), 1MB of L2 cache and the ATI Rage Mobility 128 graphics controller with 8MB of video RAM. Also included is a 50 watt-hour lithium-ion battery, AC adapter, 10GB or 20GB hard drive and 6x DVD-ROM drive with DVD-video. The system is equipped with two USB ports, two FireWire ports, 24-bit video out, S-video out, 16-bit CD-quality stereo input/output and two built in stereo speakers. Built-in communications include 10/100Base-T Ethernet, 56K modem with v.90 support, 4Mbps IrDA and antennas and expansion slot for the AirPort wireless card (AirPort Card sold separately). The CardBus slot can accept one standard Type I or II PC Card and supports Zoomed Video. Each system has a hot swappable expansion bay for multiple storage options and dual battery capability. Also a flip up keyboard provides easy access to the memory expansion, AirPort Card slot and removable hard drive. PowerBook comes with Mac OS and iMovie 2 as well as the following third party software: MS Internet Explorer, MS Outlook Express, Netscape Communicator, FAXstf and Palm Desktop.

For more detailed information, please refer to product data sheets or the PowerBook web site (<http://www.apple.com/powerbook>).

### Apple Learning Series Featured Solutions Kits

**GENERAL NOTE:** To purchase at a "with Apple computer" price, the Apple Learning Series kit must be purchased at the same time as a computer. Purchase up to 3 different kits per Apple computer. Eligible computers include the iMac, iBook, PowerBook, and Power Mac G4 computers (note the system requirements for each kit when purchasing).

**SYSTEMS REQUIREMENTS:** System requirements for Teacher Productivity, K-3 Curriculum, 3-6 Curriculum, Secondary Language Arts & Social Studies and Secondary Math & Science is any G3 or better, 32 MB RAM, Mac OS 8.1 or later, QuickTime 4.0

K-6 Web Publishing, K-6 Multimedia and Secondary Web Publishing require any G3 or better, 64 MB RAM, Mac OS 8.1 or later, QuickTime 4.0

Secondary Multimedia requires one of the following computer systems: 266 MHz or faster Power Macintosh G3 (300 MHz required for DV), any Power Mac G4, 350 MHz or faster iMac DV, 300 MHz or faster PowerBook G3 Series, any PowerBook with FireWire. Mac OS 8.6 or later (exception: iMac DV requires Mac OS 9.0.4 or later), 128 MB of RAM, 6 GB hard drive, QuickTime 4.03 or later. One of the following video capture systems (optional): A DV digital video source connected to a computer with FireWire (IEEE 1394; Sony i.LINK port), either built in or provided by an Apple FireWire Kit. For PowerBook G3 Series computers, a Newer Technology FireWire 2 Go card is required.

For a Power Mac G4 computer or PowerBook, a separate microphone is needed in order to use the voice-in features of some of the software titles in the following kits: K-3 Curriculum, 3-6 Curriculum, Secondary Language Arts & Social Studies, K-6 Web Publishing, Secondary Web Publishing, K-6 Multimedia, and Secondary Multimedia.

### Apple Planning Products and Apple Learning Professional Development

#### APPLE LEARNING PROFESSIONAL DEVELOPMENT

Apple Learning Professional Development is an approach to technology professional development based on Apple's experience with the Apple Classrooms of Tomorrow (ACOT sm) research project. It consists of a comprehensive collection of workshops designed to introduce educators - at the classroom, school, and district levels - to tools, strategies, and models for integrating technology. For more information on Apple Learning Professional Development, please visit <http://www.apple.com/education/professionaldevelopment>

#### Online Courses

Online Courses include: AppleWorks 101, Internet 101, Webmaker 101 (with Home Page), HyperStudio 101, Microsoft Office 101, Introduction to iMac, Advanced HyperStudio, Advanced AppleWorks Word Processing, Advanced Microsoft Word, Internet in the Classroom and Multimedia in the Classroom.

Apple Learning Series Professional Development Online Courses: Teacher Productivity, K-3 Curriculum, 3-6 Curriculum, K-6 Multimedia, K-6 Web Publishing, Secondary Language Arts & Social Studies, Secondary Math & Science, Secondary Multimedia and Secondary Web Publishing. One Apple Learning Series Professional Development online course is included with each Apple Learning Series kit purchased. Additional Apple Learning Series Professional Development online courses may be ordered below.

T2225LL/A	Apple Learning Professional Development Online: Single Course Users can select any one (1) course from the list of courses available online at: <a href="http://www.apple.com/education/professionaldevelopment">http://www.apple.com/education/professionaldevelopment</a> .	49.00
T2226LL/A	Apple Learning Professional Development Online: Single User Annual License	249.00

#### System Requirements for Online Courses:

If you're using an Apple Macintosh computer, you'll need:

- Power Macintosh 100 MHz or better, 32 MB RAM.
- Macintosh OS 7.5.3 or better with QuickTime 4.1 installed.
- Netscape Navigator 4.X or Internet Explorer 4.X running in 15 MB partition, with QuickTime 4.0 plug-in.
