**ATTENTION VISITING STUDENTS:
NEW POLICIES EFFECTIVE IMMEDIATELY**

As part of the New York State Department of Health requirement, effective immediately all students, physicians and staff are required to be vaccinated for seasonal flu as well as H1N1 when supplies are available. Therefore, it is mandatory that all students participating in electives at Mount Sinai or their affiliate institutions must be vaccinated with the annual seasonal flu vaccination. You will not be allowed to participate in your scheduled electives unless you are vaccinated. In order to avoid disruption to your educational experience we recommend that you obtain this vaccine in your home country, and prior to the commencement of your elective.

If you are unable to get it before your arrival, you may be able to get it in a doctor's office, Health Center, or a Pharmacy based upon availability. This will cost you between \$25.00 - \$35.00 in the United States. Attached is a list of New York pharmacies that provide vaccinations. You should call for an appointment.

You will be required to show proof of the influenza vaccine before you will be allowed to register and start your elective. You WILL NOT be able to obtain your vaccine at Mount Sinai or its affiliated institutions.

Approved documentation includes a signed statement from the vaccine provider giving the date, type of vaccine (name, TIV or LAIV), the name and address of the provider, the manufacturer, the lot number, and the dose.
